Modern Auditing William C. Boynton 2005-08-19 Auditing counts! With recent incidents at WorldCom, Enron, Xerox, Tyco, and other companies, auditing has never been so important. Auditing is perhaps our

single best defense in ensuring the integrity of our financial reporting system. That's why this new Eighth Edition of Boynton and Johnson's Modern Auditing focuses on decision making and the critical role auditors play in providing assurance about the integrity of the financial reporting system. Known for its clear writing and accessibility, this text provides comprehensive and integrated coverage of current developments in the environment, standards, and methodology of auditing. Features * Real-world examples relate issues discussed in the chapter to ethics, audit decision making, and the integrity of the financial reporting system. * Focus on Audit Decisions sections highlight key factors that influence an auditor's decisions. * Includes discussion of the role of the Public Company Accounting Oversight Board (PCAOB) Auditing Standards, and a chapter feature highlights PCAOB standards that differ from Generally Accepted Auditing Standards for private companies. * Expanded case material related to the integrated audit case (Mt. Hood Furniture) provides a variety of databases that allow students to utilize generalized audit software (IDEA) to accomplish various audit tasks. Multiple databases allow the case to be reused with different data from term to term. * A flowchart style chapter preview begins each chapter. * Chapter summaries reinforce important audit decisions included in the chapter. * End-of-chapter material organized by audit decisions provides a clear link between audit decisions discussed in each chapter and the problem material.

Mastering the Five Tiers of Audit Competency Ann Butera 2016-04-27 Risk-based operational audits and performance audits require a broad array of competencies. This book provides auditors and risk professionals with the understanding required to improve results during risk-based audits. Mastering the Five Tiers of Audit Competency: The Essence of Effective Auditing is an anthology of powerful risk-based auditing practices. Filled with practical do and don't techniques, it encompasses the interpersonal aspects of risk-based auditing, not just the technical content. This book details the behaviors you need to demonstrate and the habitual actions you need to take at each phase in an audit to manage the people relationships as well as the work itself. Each section of this book is devoted to a component of the audit: planning, detailed risk and control assessment, testing, audit report writing, project management, audit team management, and client relationship management. The book leverages The Whole Person Project, Inc.'s 30 years of hands-on organizational development experience and custom-designed internal audit

training programs to aid those just starting out in audit as well as more experienced auditors. It also contains templates you can use to set performance goals and assess your progress towards achieving those goals. This book will spark ideas that can enhance performance, improve working relationships, and make it easier to complete audits that improve your organization's risk management culture and practices. Explaining how to make positive and sustained changes to the way you approach your work, the book includes a summary of the key points and a brief quiz to help you remember salient ideas in each chapter. Presenting proven methods and advice that can help you immediately save time, reduce stress, and produce reliable, quality results, this book is an ideal resource for anyone looking to make positive changes and adopt more productive work habits

Standard for Auditing Computer Applications William Perry 2001-01-01 Standard for Auditing Computer Applications (SACA) offers a detailed, practicable methodology for auditing computer applications. The process that may be required in an automated environment can differ significantly from those used in the old manual environment. The methodology and practices presented in this source offer a practical approach to the auditor with limited data processing skills. It is also a valuable source of information for audit management, aiding in the development of audit plans and programs, in assigning staff, and in increasing audit productivity. SACA is designed to help the auditor evaluate controls in an automated environment, identify system vulnerabilities, and collect and examine the new forms of evidence. The computer itself as an audit tool is stressed-specifically, the use of computer audit software or the equivalent as a data base management query language. SACA is a large, loose-leaf format product that is supplemented with articles twice a year. Each supplement is devoted to a single audit topic, enhanced by appropriate illustrations, including checklists, forms, and workpapers. The workpapers from the main volume and the supplements are also contained on a diskette.

Auditing & Assurance Services Timothy J. Louwers 2006-03-20 As a result of recent audit scandals such as Enron and Worldcom, several new auditing standards have been enacted, making currency one of the most important issues in this market. Upon publication, this text will be the most up-to-date auditing text on the market. It's been written so that it is current with all issues inherent in accounting and auditing practice, particularly in public accounting firms including coverage of the creation of the Public

Companies Accounting Oversight Board, the passage of the Sarbanes-Oxley Act, and all of the major pronouncements issued by the AICPA through Summer 2005. The Louwers text is also a leader in fraud coverage and is accompanied by the Apollo Shoes Casebook--the only standalone FRAUD audit case on the market (available at the book's Online Learning Center). The text is also designed to provide flexibility for instructors; the twelve chapters focus on the auditing process while the eight modules provide additional topics that can be taught at the instructor's discretion without interrupting the flow of the text.
