Shuttered Secrets Melissa Erin Jackson 2021-05-10 In this fast-paced paranormal mystery, you'll find a reluctant psychic medium, cold cases, ghosts, and a dash of romance. He doesn't want her to focus on the past. It's been six months since Riley Thomas, reluctant medium extraordinaire, has had a ghost haunting her apartment, and she prefers it that way. Life is less complicated when the dead aren't trying to get her attention. Her best friend is getting married and wants to DIY her way through wedding prep—Riley's got no time for ghosts. One of Jade's wedding must-haves is vintage film cameras her guests can use to help document the big day. The months-long hunt for relics leads to a thrift shop jackpot, and Riley adds the cameras to the growing pile of wedding supplies in her apartment. That night, Riley gets a midnight wake-up call from a ghostly Black woman in a yellow dress. Even after the haunted cameras are removed from the apartment, the ghost woman keeps popping up, both in Riley's dreams and in the corner of her eye. Tracking down the previous owner of the cameras proves difficult, and as Riley digs deeper, she uncovers a link between the cameras and two murdered women—one white, one Black, yet neither one is Riley's mystery woman. Though the identity of the ghost proves to be as elusive as her predator, Riley is determined to uncover the truth of what happened to these women. But now someone knows she's looking ... and he's hell-bent on making sure he finds her first. ---- Content Warning: Adult language ----- KEYWORDS: paranormal mystery, ghosts, ghost fiction, ghost thriller, psychics, psychic mystery, psychic fiction, psychic thriller, supernatural suspense, supernatural thriller, serial killers, serial killer fiction, amateur detective, paranormal mystery series, millennial protagonist ----- KEYWORDS: paranormal mystery, ghosts, ghost fiction, ghost thriller, psychics, psychic mystery, psychic fiction, psychic thriller, supernatural suspense, supernatural thriller, serial killers, serial killer fiction, amateur detective, paranormal mystery series, millennial protagonist

Spinegrinder Clive Davies 2015-03-06 First came video and more recently high definition home entertainment, through to the internet

with its streaming videos and not strictly legal peer-to-peer capabilities. With so many sources available, today's fan of horror and exploitation movies isn't necessarily educated on paths well-trodden — Universal classics, 1950s monster movies, Hammer — as once they were. They may not even be born and bred on DAWN OF THE DEAD. In fact, anyone with a bit of technical savvy (quickly becoming second nature for the born-clicking generation) may be viewing MYSTICS IN BALI and S.S. EXPERIMENT CAMP long before ever hearing of Bela Lugosi or watching a movie directed by Dario Argento. In this world, H.G. Lewis, so-called "godfather of gore," carries the same stripes as Alfred Hitchcock, "master of suspense." SPINEGRINDER is one man's ambitious, exhaustive and utterly obsessive attempt to make sense of over a century of exploitation and cult cinema, of a sort that most critics won't care to write about. One opinion; 8,000 reviews (or thereabouts).

Marked for Death Brian J. Karem 2009-10-13 A seasoned investigative reporter takes us behind the scenes of one of the most shocking cases in California history when a greedy and seductive wife brutally murders her devoted husband. Tavia Williams thought her new stepmother was sweet and charming. Tavia, just a few years younger than 36-year-old Elisa McNabney, was very happy for her father, 53-year-old Larry McNabney. Larry was a horse enthusiast, successful attorney, a pillar of the community, and was loved and admired by everyone he knew. For six years of marriage, Larry and Elisa spent their spare time on the country club and horse racing circuit. It was a perfect life, but it went perfectly wrong. On September 10, 2001, Larry attended a horse show. No one has seen him alive since. Months after his disappearance, police finally put out a missing persons report. They soon found out that Elisa McNabney was not the person she had claimed to be. A fugitive on the run, Elisa was a con woman who had enlisted the help of a girlfriend to slowly poison her loving husband with horse tranquilizers, in the name of pure greed. Larry was found buried in a vineyard, after Elisa kept his corpse in her deep freezer for months. The only thing more appalling than the horrific murder was the shocking manhunt that followed and the end to this tragic story of deception, murder, and deadly seduction.

Never Fear - The Tarot Heather Graham 2016-10-30 We asked twenty-six authors to write stories based on the Tarot, with the cards determining which stories the authors would write. Over the course of several months we reached out to some of the best genre authors

and proposed our idea. Once we had our authors, we took a tarot deck and a list of all twenty-six names. We would read the author's name, shuffle the deck, and draw a card. That tarot card and its traits were all the authors had to go on. The card was removed, the deck was reshuffled, and the next name was read off. This anthology contains twenty-six stories based on the twenty-two cards of the Major Arcana and the four cards of the Minor Arcana. Award-winning and New York Times bestselling authors combine their talents to deal out twenty-six dark tales influenced by the Tarot.

Greentown Timothy Dumas 2013-03-20 The first edition of *Greentown* helped reopen one of America's most shameful unsolved murder cases, the savage slaying of fifteen-year-old Martha Moxley in an exclusive enclave of Greenwich, Connecticut, the night before Halloween 1975. Soon after Martha's body was discovered, attention focused on members of the Skakel family, who lived across the street from the Moxleys. Ethel Skakel and Robert Kennedy had married in Greenwich, and the two families were close. Thomas Skakel, Ethel's nephew, was the last known person to see Martha alive. The murder weapon, a ladies' golf club, came from the Skakel household. When the Greenwich police tried to pursue its investigation, however, the community closed in upon itself. Lawyers were summoned, walls went up, information was suppressed, and no one was charged. And yet, continuing to haunt Greenwich, the case refused to go away—until, twenty-three years later, following the publication of this book, a grand jury was convened, and two years after that a man—Thomas's brother Michael—was finally indicted for the crime. This revised edition now brings the Martha Moxley murder case to a close. Updated to include the indictment, trial, and conviction of the murderer, *Greentown* offers the suspenseful and chilling account of a terrible crime. More than that, while relating a tale of seductive power, it uses the murder to tell the heartrending story of a family and a community responding to the unthinkable.

Political Pilgrims Paul Hollander 2017-07-05 Why did so many distinguished Western Intellectuals from G.B. Shaw to J.P. Sartre, and, closer to home, from Edmund Wilson to Susan Sontag admire various communist systems, often in their most repressive historical phases? How could Stalin's Soviet Union, Mao's China, or Castro's Cuba appear at one time as both successful modernizing societies and the fulfillments of the boldest dreams of social justice? Why, at the same time, had these intellectuals so mercilessly judged and rejected their own Western, liberal cultures? What Impulses and beliefs prompted them to seek the realization of their ideals in distant, poorly known lands? How do their journeys fit into long-standing Western traditions of looking for new meaning In the non-Western world? These are some of the questions Paul Hollander sought to answer In his massive study that covers much of our century. His success is attested by the fact that the phrase "political pilgrim" has become a part of intellectual discourse. Even in the post-communist era the questions raised by this book remain relevant as many Western, and especially American intellectuals seek to come to terms with a world which offers few models of secular fulfillment and has tarnished the reputation of political Utopias. His new and lengthy introduction updates the pilgrimages and examines current attempts to find substitutes for the emotional and political energy that used to be invested in them.

Psychics, Sensitives and Somnambules Rodger I. Anderson 2015-01-27 Claimants of paranormal abilities have always attracted controversy and fascination, and sometimes rigorous study by scientists. Charles Bailey, an Australian medium, was seemingly able to materialize different objects—animate and inanimate—under conditions which made it difficult to conceive how they could have been normally produced. Sumitra Singh, a woman of Northern India who in 1984 became subject to epileptic-type seizures, claimed to be possessed by spirits of the dead. Franck Kluski was a Polish poet, banker and physical medium who specialized in both human and animal materializations. This biographical dictionary contains profiles of 330 psychics worldwide from Tony Agpaoa to Elenor Zugun, each accompanied by a bibliography listing the primary sources consulted. The primary focus is on those claimed psychics who have figured prominently in the history of the subject, though some lesser-known figures are included to show how rich, varied, and colorful

that history has been. The aim throughout is to present each case as fairly and dispassionately as the facts allow, with a particular eye for accuracy in details and presentation. The approach is historical, not apologetic or accusatory, making the work ideally suited as a permanent reference.

Social Medium Patti Larsen 2019-07-30 (Free Paranormal Cozy Murder Mystery with a Female Detective) All In A Day's Haunting I'd come to terms with what Sadie Hatch did to me five years ago, setting me up to take the fall for her blackmail scheme the way she did. I'd had time, my six months behind bars, to come to terms with my innocence, and subsequent loss of said naiveté. There'd been a time I'd held a grudge, but that time was long gone. The fact she was dead helped. Did it make me a bad person I wasn't sorry? Sometimes I wondered. Then again, other times? This life—and the afterlife—had a funny way of evening out the scales of justice. I'd seen it happen often enough to know judging myself for what I was thinking at any given minute was a waste of energy better used in other endeavors. Medium and paranormal debunker Alice Moore has found romantic bliss for the first time, but her happy heart does nothing to pay the bills. When a fellow ghost hunter hires her and boyfriend Denver Hatch to investigate the haunting of a Florida plantation house, she reluctantly agrees. Roman Ellis isn't her favorite person in the world, but the money he's offering is too much to turn down. If only she'd listened to her instincts... when she stumbles over a freshly dead body—the long ago departed more her forte—she's suddenly in the middle of a murder investigation and her record makes her a suspect. Can she uncover the killer and prove her innocence? In this spin-off series to the award-winning Fiona Fleming Cozy Mysteries, medium and paranormal blogger/debunker Alice Moore travels the US uncovering truth, fraud and murder!
