Bibliophiles and Bibliothieves Opritsa D. Popa 2003-01-01 In Bibliophiles and Bibliothieves, Opritsa Popa has documented what might justifiably be described as the most celebrated case of looting of two German cultural treasures by a member of the U.S. Army at the end of World War II and their subsequent odyssey across both an ocean and a continent: the pilfering from a cellar in Bad Wildungen of the ninth-century Liber Sapientiae, containing the two leaves of the oldest extant German heroic poem, the Old High German Hildebrandslied, along with the fourteenth-century illuminated Willehalm codex, both of which had been removed from the State Library in Kassel for protection from bombing raids.

The WPA Guide to Virginia Federal Writers' Project 2013-10-31 During the 1930s in the United States, the Works Progress Administration developed the Federal

Writers' Project to support writers and artists while making a national effort to document the country's shared history and culture. The American Guide series consists of individual guides to each of the states. Little-known authors—many of whom would later become celebrated literary figures—were commissioned to write these important books. John Steinbeck, Saul Bellow, Zora Neale Hurston, and Ralph Ellison are among the more than 6,000 writers, editors, historians, and researchers who documented this celebration of local histories. Photographs, drawings, driving tours, detailed descriptions of towns, and rich cultural details exhibit each state's unique flavor. The WPA Guide to Virginia documents the vital role the Old Dominion played in the history of the first 150 years of the United States and before. It is packed with historical information, particularly from the Colonial and Revolutionary years, and supplemented with photos of historic buildings and sites. Also worth note are the artistic photographs of the state's ordinary people and its natural beauty, including the Shenandoah and Chesapeake Bay regions.
