In fact, 90% of English File teachers we surveyed in our impact study found that the course improves students' speaking skills.
Dialects and American English Walt Wolfram 1991
American English File 3E Starter Student Book Christina Latham-Koenig 2019-08-15 American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which

are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

Wilde zwanen Jung Chang 2011-10-07 Het verschijnen van Wilde zwanen markeerde een van de grootste uitgeefsuccessen van de afgelopen decennia. Na een wat langzame start bracht de liefdesverklaring van Rudy Kousbroek in NRC Handelsblad daar verandering in, en sindsdien is het boek tientallen malen herdrukt. Wilde zwanen verscheen in 1992 in het Nederlands en wereldwijd werden er meer dan 10 miljoen exemplaren van verkocht. Het is daarmee het best verkochte boek dat ooit over China verscheen. Het geeft een panoramische visie van drie vrouwen op een complexe samenleving in de vorm van prachtige memoires, intieme portretten en een meeslepende kroniek van het twintigste-eeuwse China. Ondanks de haast onvoorstelbare gruwelen die Jung Chang en haar familie zijn overkomen, is Wilde zwanen een indrukwekkende getuigenis van optimistisch geloof in een rechtvaardige samenleving met gelijke rechten en kansen voor iedereen.

Hearts, Minds, Voices Jason C. Parker 2016-10-03 "For over four decades, the Cold War superpowers endeavored mightily to 'win hearts and minds' abroad through strategies that came to be called public diplomacy. While many target audiences were on the original front lines of the conflict in Europe, other larger audiences resided in areas outside Europe, regions then in the throes of decolonization. This book explores how, for all the blood and drama of intervention, crisis, and revolution during the Cold War, the vast majority of these non-Europeans experienced it as a media war for their allegiance rather than as a violent war for their lives. In these outlying regions, superpower public diplomacy encountered volatile issues of race, empire, poverty, and decolonization--all of which intersected unpredictably with the dynamics of the Cold War and anti-imperialist currents. The challenge to U.S. public diplomacy was acute. At a time when

the United States' image was inseparable from Jim Crow and Washington's European-imperial alliances, the cresting of these issues put U.S. outreach on the defensive. Yet, as Jason Parker argues, the greater consequence of these Cold War campaigns was international, not U.S.-centric, in scope. The non-European world responded to this media war by joining it. A proliferation of newly independent voices launched public diplomacy campaigns of their own, offering a roundabout validation of strategic public diplomacy while articulating an alternative vision of the postwar world. By reappropriating the geopolitical and intellectual space between the Cold War superpowers, this global conversation formulated a 'Third World project' that coalesced around principals of nonalignment, post-imperial economic development, and anti-colonial racial solidarity. The global South's response to the injection of the Cold War into their social, economic, and political reality thus helped to create the 'Third World' as a transnational, imagined community on the postwar global landscape"--

Twice the Work of Free Labor Alexander C. Lichtenstein 1996 For the first time in a generation chain gangs have reappeared on the roads of the American South. Associated in the past with racial terrorism, this cruel and unusual punishment should invoke strong memories. But, in the rush to embrace ever-harsher sanctions, the American public has ignored the troubling history of Southern punishment.Twice the Work of Free Labor is the first book-length study of the history of the Southern convict-lease system and its successor, the chain gang. For nearly a century after the abolition of slavery, convicts labored in the South's mines, railroad camps, brickyards, turpentine farms and then road gangs, under abject conditions. The vast majority of these prisoners were African Americans. In this timely book, Alex Lichtenstein reveals the origins of this vicious penal slavery, explains its persistent and widespread popularity among whites, and charts its unhappy contribution to the rebirth of the South in the decades following the Civil War.The book also offers an original analysis of the post-Civil War South's political economy. Lichtenstein suggests that, after emancipation, forced black labor was exploited not by those who yearned for the social order of the slave South, but by the region's most ardent advocates of progress. The convict-lease and chain gang allowed a New South to rise while preserving white supremacy.

WILL Mark Manson 2021-11-10 'De beste autobiografie die ik ooit heb gelezen. De perfecte combinatie van het vertellen een verhaal en de wijsheid die daaruit voortkwam, en dan ook nog zo grappig.' Oprah Winfrey WILL door Will Smith en Mark Manson is een moedig en inspirerend boek over een van de grootste wereldsterren van deze tijd. WILL gaat over uiterlijk succes, innerlijk geluk en verbinding met anderen. En over een van de meest spectaculaire rollercoasters ooit door de wereld van muziek en film. Will Smiths transformatie van een angstig kind in een huis vol spanning in West Philadelphia tot een van de grootste rappers van zijn tijd én een van de grootste filmsterren in de geschiedenis van Hollywood - met een reeks kaskrakers op zijn naam die waarschijnlijk nooit zal worden overtroffen - is een episch succes waarover WILL op een ongelooflijk meeslepende manier vertelt. Maar dat is maar de helft van het verhaal. Will Smith dacht dat hij het voor elkaar had, en met reden: niet alleen zijn eigen succes was ongeëvenaard, zijn hele gezin stond aan de top van de entertainmentwereld. Maar zijn vrouw en kinderen zagen dat anders. Zij moesten fulltime meedraaien in zijn show, zonder dat ze daar zelf voor hadden gekozen. Het bleek dat Will Smith nog veel meer moest leren dan hij had gedacht. WILL is een boek over wilskracht, over wat je voor elkaar kunt krijgen en wat je achter je kunt laten. Will Smith werkte samen met Mark Manson, auteur van de wereldwijde bestseller The Subtle Art of Not Giving a F*ck, die het verhaal zo opschreef dat het anderen kan helpen om grip op hun eigen leven en emoties te krijgen. Weinigen van ons zullen de extreme druk kennen van optreden op het wereldpodium, maar we kunnen allemaal begrijpen dat wat werkt in

de buitenwereld niet altijd werkt in je persoonlijk leven. De combinatie van oprechte wijsheid en een exceptioneel, fenomenaal levensverhaal maakt WILL, net als de auteur, tot de buitencategorie. 'Het is eenvoudig om in de materiële wereld te bewegen als je eenmaal je eigen geest hebt veroverd. Dat geloof ik echt. Als je eenmaal je eigen geest hebt leren kennen, stuwt elke ervaring, elke emotie, elke omstandigheid, positief of negatief, je gewoon voort, naar grotere groei en meer ervaring. Dat is ware wilskracht. Om vooruit te komen, wat er ook gebeurt. En om vooruit te komen op een manier waarbij je anderen met je meeneemt, in plaats van ze achter te laten.' - Will Smith

Het perfecte leven van mevrouw Parrish Liv Constantine 2018-04-24 Amber Patterson heeft er genoeg van om voor elke cent te moeten ploeteren. Ze wil veel meer: geld, macht, glamour. Zoals Daphne Parrish, die getrouwd is met een succesvolle zakenman, in weelde baadt en veel aanzien geniet. Waarom heeft zij alles en Amber niets? Ze besluit Daphne van haar troon te stoten en niet te rusten voor ze haar man en al haar bezittingen heeft ingepikt. Dat Amber om

dit te bereiken zal moeten liegen en bedriegen, vindt ze geen bezwaar. Ze heeft namelijk maar één doel: zelf het perfecte leven van mevrouw Parrish leiden. Maar is Daphnes leven echt zo perfect als Amber denkt? 'De beste psychologische thriller die je dit jaar zult lezen. Onheilspellend en griezelig.' Lee Child 'Heerlijk dubbelzinnig – net zo inventief, meeslepend en verslavend als Gillian Flynns Gone Girl of Het meisje in de trein van Paula Hawkins.' Library Journal 'Vol bedrog, jaloezie en macht. En met een spannende twist aan het eind.' Reese Witherspoon

Handbook of Research on Mobile Learning in Contemporary Classrooms Mentor, Dominic 2016-06-27 It is the responsibility of educators to utilize contemporary avenues in order to reach their students in ways familiar to them. When teaching digital natives, new techniques are necessary for making new information relevant to their experience. One way

to do this is through the use of mobile devices in curricula. This integration can make education accessible anywhere and to anyone, personalized to each student's schedule and needs. The Handbook of Research on Mobile Learning in Contemporary Classrooms expounds the current research on m-learning and strategies to leverage mobile devices in educational contexts. It also addresses the importance of communication, community, and mobility in modern classrooms, while offering a comprehensive overview of the theory and pedagogy associated with this new technology. Nonprofit organizers, K-12 educators, administrators, policy makers, students of education, and developers will find this book to be an important research companion.

Blended Learning: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources 2016-08-18 Traditional classroom learning environments are quickly becoming a thing of the past as research continues to support the integration of learning outside of a structured school environment. Blended learning, in particular, offers the best of both worlds, combining classroom learning with mobile and web-based learning environments. Blended Learning: Concepts, Methodologies, Tools, and Applications explores emerging trends, case studies, and digital tools for hybrid learning in modern educational settings. Focusing on the latest technological innovations as well as effective pedagogical practice, this critical multi-volume set is a comprehensive resource for instructional designers, educators, administrators, and graduate-level students in the field of education.
