The Legacy of Genghis Khan Linda Komaroff 2002 Komaroff (curator of Islamic Art, Los Angeles County Museum of Art) and Carboni (curator of Islamic Art, Metropolitan Museum of Art) produced this fine catalog to accompany a major show of Ilkhanid (as the Mongol dynasty was called after conversion to Islam) art exhibited at the authors' museums in New York and Los Angeles in 2002-2003. Most of the manuscripts, metalwork, textiles, ceramics, and other finely decorated objects were created in Iran. Many objects are also included from the Yuan Dynasty in China, during which the Mongols ruled. Eight full-length essays are built around the objects of the exhibition and other works, all depicted in color. The essays describe the history, culture, courtly life, artistic exchanges, religious art, arts of the book, and creation of a new visual language. Distributed by Yale U. Press. Handbook of Missing Persons Stephen J. Morewitz 2016-12-19 This ambitious multidisciplinary volume surveys the science, forensics, politics, and ethics involved in responding to missing persons cases. International experts across the physical and social sciences offer data, case examples, and insights on best practices, new methods, and emerging specialties that may be employed in investigations. Topics such as secondary victimization, privacy issues, DNA identification, and the challenges of finding victims of war and genocide highlight the uncertainties and complexities surrounding these cases as well as possibilities for location and recovery. This diverse presentation will assist professionals in accessing new ideas, collaborating with colleagues, and handling missing persons cases with greater efficiency—and potentially greater certainty. Among the Handbook's topics: -A profile of missing persons: some key findings for police officers. -Missing persons investigations and identification: issues of scale, infrastructure, and political will. -Pregnancy and parenting among runaway and homeless young women. -Estimating the appearance of the missing: forensic age progression in the search for missing persons. -The use of trace evidence in missing persons investigations. -The Investigation of historic missing persons cases: genocide and "conflict time" human rights abuses. The depth and scope of its expertise make the Handbook of Missing Persons useful for criminal justice and forensic professionals, health care and mental health professionals, social scientists, legal professionals, policy leaders, community leaders, and military personnel, as well as for the general public.

Oorlogsroes Ernst Jünger 2014-04-24 Vertaald door Nelleke van Maaren. De klassieke oorlogsroman van 'staaleroticus' Ernst Jünger over zijn frontervaringen in de Eerste Wereldoorlog. Een literair en historisch document over de verschrikkingen van de loopgravenoorlog. Jüngers heroïsche opvatting van de oorlog, met haar nadruk op de door technologie geïnduceerde roes en de broeierige romantiek van de collectieve oorlogservaring geeft zijn schildering van het krijgstoneel een bijzondere, provocatieve esthetiek. 'Je moet wel een hysterische romanticus als Ernst Jünger zijn, om enig genoeg te beleven aan de barre verschrikking van de materiaalslag.'- Klauss Mann in Het Keerpunt
