Vamos Al Grano! Mark Cholij 2018-08 Vamos al grano! aims to provide the 'nuts and bolts' of Spanish grammar to enable students with an intermediate knowledge of Spanish (e.g. GCSE level) to progress to an advanced level within a relatively short period of time. The book can be used both as a self-study aid containing reference sections and practical exercises, and as classroom foundation material for students working towards 'A' level Spanish or similar higher-level programmes of language study. The focus throughout the book is on practical Spanish for daily communication, ensuring wide exposure to accurate language syntax and up-to-date lexis. The ten Units introduce grammatical structures and vocabulary seamlessly by means of easy-to-follow dialogues. Grammatical rules are explained clearly and concisely and are followed by practical exercises for consolidation. Vamos al grano! builds on students' prior knowledge of simpler structures of grammar and vocabulary and carefully develops this knowledge by introducing and explaining more complex blocks of language so that students reach a desired higher level which enables them to communicate in Spanish with more ease and fluency in both their written and spoken language.

Language practice advanced. New edition. Student's book. With key. Con e-book. Con espansione online. Ultimate Russian Jack Blanshei 1998 Each Ultimate Advanced course contains a 400+-page book with eight 60-minute recordings. All 20 lessons begin with a lively, up-to-date dialogue. Additional sections explain grammar and usage, offer related vocabulary, quiz students on their progress, and provide interesting cultural information, especially useful to those planning to live or conduct business abroad. The eight hours of recordings are separated into two sets. The first four (Learn at Home) are in the target language only and are meant to be used with the manual. The second set (Learn on the Go) -- perfect for use in the ear, at the gym, or anywhere -- contains both English and the target language, so no book is needed to follow along. This two-tiered approach has been hailed as "ingenious" by Professor Kuhn-Osius of the City University of New York. A step-by-step guide to the basics of conversation and grammar, the revised and updated course uses a highly effective speed-learning method developed by U.S. government experts during World War II and adapted for home study in 1946. The 40 lessons on two 90-minute cassettes (or three 60-minute compact discs) start with words, then progress to phrases and full dialogues. This building-block approach makes it easy to learn. Only the new language is heard on the recordings, with translations and explanations provided in the accompanying manual. In addition, the manual includes a brief but comprehensive grammar summary, verb charts, and a section

English Grammar Jacqueline Melvin 2015-11-16 This Exercise book has been compiled for upper intermediate to advanced students of English as a foreign language. In this book you will learn: How to Increase your vocabulary by adding prefixes and suffixes to root words. Practise paraphrasing which is a must for anyone who has an upcoming English exam. Become more familiar with prepositional phrases. Many non natives continue to use verbs + prepositions erroneously for the whole of their learning lives. Not sure about whether to say 'it depends from' or 'it depends on?' Not knowing which preposition to use can seriously hinder your accuracy in English and possibly lead to misunderstandings. When students reach a higher level of English, then they should begin to focus more on accuracy. Refresh your memory on the use of the narrative tenses which are important for expressing differences in time shifts. Exercises are included with notes on the tenses used and why. Increase your vocabulary on specific subjects. The book is rich in exercises and the most common grammar points are clearly explained for those of you who may have forgotten. Easily accessible answers follow each exercise.
