Jeep Cherokee XJ Performance Upgrades Eric Zappe 2015-04-15 The Jeep Cherokee XJ is a pioneering SUV that delivers commendable performance and off-road capability. More than 3 million Cherokee XJs were manufactured during its production run. However, when the XJs rolled off the production lines, they were built primarily for the street. As a result, XJs need crucial modifications and high-performance upgrades to make them better for off-road duty. In this updated edition, author and veteran Cherokee expert Eric Zappe guides you through each stage of an XJ build, so you can take the mild-mannered, bone-stock XJ and upgrade it to a capable off-road performer. Zappe delves into suspension bolt-on improvements, including lift kits to increase ground clearance and suspension travel. He also covers high-performance shocks and long-arm suspensions. Wheels and tires are your vital link to the terrain, and he reveals all the important considerations so you select the right combination. XJs need a heavy-duty steering system to negotiate challenging off-road conditions, and Zappe explains several ways to upgrade the steering. Driveline and axle upgrades are an important part of the performance equation, so these performance improvements are covered as well. But he doesn't stop there; he also explores engine performance improvements for the 2.5-, 2.8-, 4.0-liter engines so the Cherokee has more power for off-road performance. In addition, he covers some basic tips for body strengthening and

adding skid plates. If you're ready to go off road with your Cherokee but you're not planning to build a top-dollar off-road machine, this is the book for you. With the techniques and latest products described in this book, you will be able to upgrade your XJ to much higher level of performance and your XJ will be at home off and on road.

Want Not Jonathan Miles 2013-11-05 A New York Times Notable Book "A wonderful book, and there's no one I would not urge to read it . . . This is the work of a fluid, confident and profoundly talented writer who gets more fluid, more confident and seemingly more talented even within the book itself." —Dave Eggers, New York Times Book Review A highly inventive and corrosively funny story of our times, Want Not exposes three different worlds in various states of disrepair—a young freegan couple living off the grid in New York City; a once-prominent linguist, sacked at midlife by the dissolution of his marriage and his father's losing battle with Alzheimer's; and a self-made debt-collecting magnate, whose brute talent for squeezing money out of unlikely places has yielded him a royal existence, trophy wife included. Want and desire propel these characters forward toward something, anything, more, until their worlds collide, briefly, randomly, yet irrevocably, in a shattering ending that will haunt readers long after the last page is turned. "Shrewd, funny, and sometimes devastating . . . What Want Not does best, though, isn't plotting but portraits of humanity: the small epiphanies and private hurts of every person whose life, like the detritus they produce, is as beautifully mundane and unique as a fingerprint." —Entertainment Weekly "An impassioned work of fiction." —Dallas Morning News

Alles wat overblijft Elizabeth Haynes 2013-10-24 Annabel zou zichzelf nooit omschrijven als eenzaam. Ze heeft het druk met haar baan bij de politie, haar kat en haar oude moeder. Maar wanneer ze het half vergane lichaam ontdekt van een buurvrouw die al maanden dood in huis ligt, is ze geschokt dat niemand heeft opgemerkt dat de vrouw was verdwenen. Op haar werk besluit ze onderzoek te doen naar eenzame doden, en ze ontdekt dat dit in haar stad vaker voorkomt dan ze ooit had kunnen vermoeden. En in verhouding tot andere delen van het land onrustbarend veel vaker

De dood van Harriet Monckton Elizabeth Haynes 2020-02-04 1843. Harriet Monckton wordt dood aangetroffen. Vergiftigd of door eigen hand? Ze bleek verwikkeld te zijn in diverse relaties maar ook haar goede vriendin Frances is verdachte in deze zaak. Elizabeth Haynes heeft met De dood van Harriet Monckton haar meesterwerk geschreven. In november 1843 wordt de 23-jarige lerares Harriet Monckton dood gevonden achter de kapel in Bromley die ze regelmatig bezoekt. Het dorp is geschokt, helemaal wanneer het autopsierapport vermeldt dat ze zwanger was. Harriet bleek verwikkeld te zijn in relaties met ten minste drie mannen, maar ook haar goede vriendin Frances wordt gezien als verdachte in deze moordzaak. Wie heeft Harriet vermoord en wie is de vader van haar ongebooren kind? Elizabeth Haynes schreef vier psychologische thrillers die wereldwijd vertaald zijn en waarvoor ze diverse prijzen won. De dood van Harriet Monckton is gebaseerd op historische feiten.
