Bird Watching for Boozers Stephen Molineux 2010-04-19 This is a story of a college kid who joins his alcoholic novelist-wannabe father Mole Molineux and his cast of oddball friends Suitcase, Beans, and Josh Keenanas they embark on a booze- and drug-filled bird-watching expedition through Pennsylvania and New Jersey. They jam to Creedence, ride a pony, find a pig in a blanket, preach the gospel to turkeys, and teach an Asian Brothel the wonders of Old Yeller as they head to the World Series of Birding. An offbeat coming-of-age tale about drinking, birding, and finding your place in the world.

The Beginners Guide to Bird Watching Raymond Evans 2016-05-10 Bird watching is a relaxing past time in which the watcher watches and records the actions and species of the birds that are around them. There are several techniques to bird watching and to have a guide that will spell out these techniques in an easy to read format is essential to practice proper bird watching techniques. This ebook is an in depth report designed to give you the facts about this popular, educational pass time. The most recent research will be discussed along with helpful hints in how to find and record bird species, how to camouflage yourself for the ultimate bird watching experience, and how to improve your bird watching skills so that you can join an official bird watching club like the Audubon Society or Avian Friends. 1) You will learn the real techniques the professional bird watchers use. 2) You will learn how to perform bird transects and other scientific methods.

The Bird Watcher's Journal (Birding Log Book; Birding Field Diary; Birder Gifts) Weldon Owen 2022-05-24 A durable, lightweight journal for bird watchers to record sightings and organize notes. Welcome to your bird watching journal, a comprehensive place to record your sightings and experiences, and to keep notes for the future. Birding Logs include guided prompts to track key information such as each bird's name, colors and markings, habitat, and behavior, as well as your current location and weather. Blank pages provide space for sketches, lists, and additional notes. The final section, Birding Checklists, gives you a place to track backyard birds local to you, a wish list of birds you hope to spot one day, and destinations you want to travel to for bird watching. DELUXE JOURNAL Rounded corners, ribbon bookmark, elastic-band closure, elastic pen loop, inside pocket for convenient storage, and high-quality paper that ink won't bleed through. SPECIALIZED PAGES This guided journal gives the writer places to record their bird sightings, with specialized details including weather, season, habitat, behavior, colors and markings, as well as space for sketches and other notes. LIGHTWEIGHT AND PORTABLE: Fits easily into a backpack or glove box, allowing for quick access for notes on the go.

A Simple Guide To Bird Watching Zahid Ameer 2020-03-14 Bird watching (birdwatching) or also known as birding is the observation and study of birds with the naked eye or with the use of binoculars. Birding also includes the auditory component, since birds can be easily and readily detected using the ear than the eye. Most people follow bird watching as a hobby. Birdwatching can be traced back as early as the Victorian Era in Britain when the study of birds and natural history became fashionable. Collectors would collect eggs, skins and feathers from different colonies. But in the 1800s there was a popular call for the protection of birds, this led to the observation on living birds. You are about to learn almost all the necessary info relating birdwatching.

Pete Dunne on Bird Watching: Second Edition Pete Dunne 2015-08-15 Birding is one of the most popular and fastest-growing outdoor activities, but it can seem intimidating for beginners who don't know where, when, or how to search for birds. Fortunately, Pete Dunne, one of the most popular and respected writers in the field, has written a guide that will help even the most casual observers identify the skills and tools they need to develop their interest in birding. • Popular how-to guide revised, updated, and now with color photos • For beginners and birders who want to improve their skills • Improve your odds of success with tips to get the most out of your equipment Birds of a Feather Colin Rees 2014-05-28 In Birds of a Feather, an informative and beautifully illustrated book, Colin Rees and Derek Thomas portray the changing seasons in the UK and US, bringing their observations together with some startling results. With images by artists Robert Gillmor and Ian Rees, the book will appeal to anyone with an interest in birds and their future in North America and the UK. Exploding flocks of Snow Geese rising from icy fields; the arrival of the osprey; the harmonies of the dawn chorus; migrating waders racing south before the surf – these are but a few moments evoking the sights, sounds and colours of the passing seasons observed and recorded over a year by two experienced ornithologists living on both sides of the Atlantic. In the context of their gardens, neighbourhoods and in larger landscapes, Colin Rees and Derek Thomas provide a month by month account of their birding year, commenting upon what they see and hear. They also consider how our world is radically changing the lives of birds. Birds of a Feather celebrates the gentle patter of raindrops, the scent and luminescence of spring, swallows of an evening and the first flight of young ospreys. They take the reader on walks through grasslands, forests, marshes, estuaries and along coasts and describe the effects of changing weather on flora and fauna, the unfolding of the breeding season, bird counts, the character of birders and bird organizations in the US and UK. They also address the challenge of conservation in the modern world. Over 45 million people consider themselves bird watchers in the US and 20 million watch birds in the UK making this book appealing to bird watchers on both sides of the Atlantic. Advanced praise for Birds of a Feather 'The joys of the seasons are deep in our souls. Gilbert Whites classic The Natural History of Selborne shared his astute diaries of nature's calendar. Edwin Way Teale's acclaimed books on the American Seasons inspired a generation of naturalists on this side of the pond'. Birds of a Feather now engages us in much the same way through the superior powers of observation and charming prose of two pals, here and there.' – Frank Gill, formerly Philadelphia Academy of Sciences and Vice-President, Science, National Audubon Society. 'Birds of a Feather is a poignant and moving reminder of how experiences of wildlife can grip the human soul and linger in our memories. Two friends thousands of miles apart share with us moments they will never forget. Their consciousness of, and love for, the natural world brings even the most unexpected places to life.' – Stephanie Hilborne OBE, Chief Executive The Wildlife Trusts. 'This book will be a great read for birders from either side of the Atlantic who normally experience the birds of the "other side" through short trips during peak seasons. The book provides a flavour of the year-round diversity of species and habitats through the eyes of two experienced birders who understand how seasonal change drives the bird movements that make birding so much fun. The trans-Atlantic comparisons of two amazing birding locations throughout the year make this an even more compelling read.' – Mike Parr, Vice President for Program Development, American Bird Conservancy 'The annual rhythms of nature provide a ceaseless flow of variety and change to our natural environment that stimulate and inspire us, wherever we live. Observing birds is surely one of the most engaging ways to enjoy the year's natural cycle, with bird migrations each spring and autumn delivering the colour and sounds of the tropics and the Arctic directly to us. Birds of a Feather takes us, via delightful personal accounts, through the ornithological year on both sides of the Atlantic, juxtaposing the rich coastal plain of the Chesapeake Bay with the rocky coast, plains and mountains of South Wales. Along the way are valuable reminders that birds in both regions, and across the globe, are at risk from a similar array of threats, including habitat loss, pollution, and climate change.' – David Curson, Director of Bird Conservation, Audubon Maryland-DC 'This delightful dialogue, back and forth across the Atlantic Ocean, demonstrates that wildlife is a shared pleasure wherever we live.' – Mark Avery, former Head of Conservation at RSPB, now a freelance environmental consultant and journalist. The book features illustrations by Robert Gillmor (cover art) and Ian Rees (interior illustrations) Robert Gillmor is an English artist, ornithologist and illustrator and one of the founders of the Society of Wildlife Artists of which he is a past president. He has contributed to over 100 books, is a 2001 recipient of the medal from the Royal Society for the Protection of Birds and his work is the subject of numerous museum collections. He recently designed seven sets of Royal Mail postage stamps and over many years has designed many of the book jackets for the New Naturalist Library in the U.K, published by Collins.

Southern Birds Bill Thompson 2013-09-15 From the editor of the nation's premier birding magazine, a no-nonsense, no-fluff quick guide to the birds you see every day. Of all the classic American pastimes, perhaps none is as widely accessible as watching birds. Our unusually vast, diverse environmental landscape supports fascinating species and variations exclusive to each region of the country. While birders often spend their efforts in search of the rarest creatures, some of the most beautiful and intriguing birds are the ones that frequent our backyards (or nearby) daily. For that reason, where other, larger volumes focus on bird types that the casual observer is never likely to encounter, Southern Birds concisely celebrates those species living under our very noses. Written by Bill Thompson III, the editor and co-publisher of Bird Watcher's Digest, this portable 5"x8" book contains the same variety of entertaining and informative entries that make Bird Watcher's Digest the nation's most popular birding magazine. Inside, you'll find profiles of the 55 most common birds in the South, complete with large color photos, gender-specific physical descriptions, nesting and feeding information, bird call particulars, and interesting stories about each species. Thompson also introduces the reader to the basics of bird watching: essential gear, bird-friendly food and plantings, housing tips, and observational techniques. This guide covers North and South Carolina, Georgia, Florida, Mississippi, Louisiana, Alabama, Tennessee, and Texas. Look for our other backyard bird guides covering the Mid-Atlantic, Midwest, Northeast, and West regions of the United States.

The Bird Watcher's Quiz Book Henry Hill Collins 1961

De genialiteit van vogels Jennifer Ackerman 2017-06-28 Vogels zijn verbluffend intelligente wezens. Diezelfde papegaaien die ons het woord 'papegaaien' hebben bezorgd, praten ons niet alleen na, maar blijken te kunnen antwoorden, rekenen en spellen. Sommige kraaiensoorten lossen ingewikkelde puzzels op en maken ingenieuze werktuigen. Vogels vertonen indrukwekkende sociale vaardigheden. Ze bedriegen en manipuleren. Ze spelen luistervink. Ze hebben een groot gevoel voor rechtvaardigheid. Ze geven cadeautjes. Ze spelen. Ze plagen. Ze delen. Ze onderhouden sociale netwerken. Ze rivaliseren om status. Ze troosten elkaar. Ze onderrichten hun jongen. Ze chanteren hun ouders. Ze waarschuwen elkaar voor gevaar. Ze verzamelen zich bij een dode soortgenoot. En misschien rouwen ze zelfs. Baanbrekend nieuw onderzoek heeft niet alleen aangetoond dat sommige vogels zich kunnen meten met de hogere primaten en zelfs de mens, maar ook dat ze daarnaast over geheel eigen vormen van genialiteit beschikken: wie van ons heeft het imitatietalent van de spotlijster of het navigatievermogen van de roodborst? Veel vogels hebben net als wij een relatief groot brein voor hun lichaamsomvang, met hoge aantallen neuronen en verbindingen waar dit telt. Het vogelbrein mag dan klein lijken, het is tot grootse dingen in staat. In De genialiteit van vogels doorkruist Jennifer Ackerman de wereld naar de plekken waar het allemaal gebeurt - de onderzoekscentra op Barbados en Nieuw-Caledonië, de koolmezegemeenschappen van het Verenigd Koninkrijk, de priefvogelhabitats van Nieuw-Guinea, de gehavende Amerikaanse oostkust vlak na de orkaan Sandy en de opwarmende bergstreken van Centraal-Virginia en het westen van de VS - en duikt ze in de laatste ontdekkingen rond het vogelbrein, die een nieuw licht werpen op de essentie van intelligentie. Haar verhaal, wetenschappelijke verkenning en reisverhaal ineen, verschaft ons een nieuwe blik op de uitzonderlijke talenten van vogels en op wat ze ons kunnen vertellen over onze veranderende wereld. Jennifer Ackerman (1959) schrijft al bijna dertig jaar over wetenschap, natuur en biologie. Ze publiceert regelmatig in Scientific American, National Geographic en The New York Times. 'Een heerlijk prikkelend en onderhoudend boek. Jennifer Ackerman biedt een meesterlijk overzicht van het onderzoek dat ons begrip van cognitie bij vogels in de afgelopen twee decennia drastisch heeft veranderd. De genialiteit van vogels is belangrijk om wat het ons vertelt over vogels, maar ook over het menselijk vernuft dat betrokken is bij het ontrafelen van de raadsels van het vogelbrein. Het is een boek vol kennis en verwondering en een bevestiging van de verbluffende complexiteit van onze wereld.' - Wall Street Journal 'De genialiteit van vogels is niet alleen leuk voor experts en vogelfans. Ook voor de terloopse lezer vallen er genoeg verrassende en wonderlijke feiten uit op te pikken.' The Times

A Bird Watchers Note Book - Woodcock and Snipe J. W. Seigne 2020-10-16 This text contains a collection of the author's notes on woodcock and snipe. This is an account of the author's personal experiences with these birds primarily on his own land, and includes a wealth of information from their habits and habitats, to their history, diets, and ailments. This is a great little book sure to appeal to anyone with an interest in woodcock and snipe, very much worthy of a place in any collection of ornithological literature. Many antique books such as this are increasingly rare and costly. We are proud to republish 'A Bird Watchers Note Book - Woodcock And Snipe' here complete with a new introduction to bird watching.

The Tea-Olive Bird Watching Society Augusta Trobaugh 2012-06-30 "Delightful." BOOKLIST "Readers will laugh at the antics of steel magnolia vigilante justice as the tea-toting, bible-quoting ladies fumble and bumble in their endeavor to protect their cohort and town . . . the classic good rural vs. evil-urban premise makes for a fine, polite (sort of like a southern contemporary Arsenic and Old Lace) . . . tale." - Harriet Klausner Book Reviews Coconut cake, grits, poisoned turtle stew and bird-watching . . . the ladies of tiny Tea-Olive, Georgia share a lot of interests, including murder. Retired judge L. Hyson Breed, a Yankee, picked the wrong Southern woman to trick, bully and steal from. The members of the Tea-Olive Bird Watching Society plot revenge after the judge's marriage to their friend, Sweet, turns out to be a greedy grab for her land and for control of their town. To the rescue: Beulah, Zion and Wildwood (all named after hymns, as is Sweet). The only problem? The wannabe murderers are southern matrons from a more civilized generation. How does one remain polite even while planning to kill a man and get away with it? Augusta Trobaugh is the acclaimed author of these southern novels also from Bell Bridge Books SOPHIE AND THE RISING SUN MUSIC FROM BEYOND THE MOON RIVER JORDAN RESTING IN THE BOSOM OF THE LAMB SWAN PLACE PRAISE JERUSALEM!
