**Warrior Women** Lisa Funnell 2014-05-19 Considers the significance of female Chinese action stars in national and transnational contexts. **Bronze Medalist, 2015 Independent Publisher Book Awards** in the Women Issues Category **Warrior Women** considers the significance of Chinese female action stars in martial arts films produced across a range of national and transnational contexts. Lisa Funnell examines the impact of the 1997 transfer of Hong Kong from British to Chinese rule on the representation of Chinese identities—Hong Kong Chinese, mainland Chinese, Chinese American, Chinese Canadian—in action films produced domestically in Hong Kong and, increasingly, in cooperation with mainland China and Hollywood. Hong Kong cinema has offered space for the development of transnational Chinese screen identities that challenge the racial stereotypes historically associated with the Asian female body in the West. The ethnic/national differentiation of transnational Chinese female stars—such as Pei Pei Cheng, Charlene Choi, Gong Li, Lucy Liu, Shu Qi, Michelle Yeoh, and Zhang Ziyi—is considered part of the ongoing negotiation of social, cultural, and geopolitical identities in the Chinese-speaking world. Lisa Funnell is Assistant Professor in the Women's and Gender Studies Program at the University of Oklahoma, where she is also an affiliated faculty member of the Film and Media Studies Program and the Center for Social Justice. She is the coeditor (with Philippa Gates) of *Transnational Asian Identities in Pan-Pacific Cinemas: The Reel Asian Exchange*.

Superheroes have survived and fascinated for more than 70 years in no small part due to their psychological depth. In *The Psychology of Superheroes*, almost two dozen psychologists get into the heads of today's most popular and intriguing superheroes. Why do superheroes choose to be superheroes? Where does Spider-Man's altruism come from, and what does it mean? Why is there so much prejudice against the X-Men, and how could they have responded to it, other than the way they did? Why are super-villains so aggressive? *The Psychology of Superheroes* answers these questions, exploring the inner workings our heroes usually only share with their therapists.

**Immortal Combat** Bruce Thomas 2006-12-26 A complete overview of all aspects of combat, from the primitive to the cutting-edge, *Immortal Combat* uses Bruce Lee's life and work as a martial artist to examine the crucial differences between the soldier and the warrior. It draws an analogy between the ambitions of the competitive, ego-driven martial sportsman, typified by the career of karate champion Joe Lewis, and the spiritual aims of the martial artist, personified by the life of Morehei Ueshiba, the founder of aikido. Bruce Lee represents the man torn between his ambitions and his art, who somehow has to reconcile the two. The book argues that the path of the martial artist is that of self-mastery and

Wing Chun Warrior Ken Ing 2008-11-01 The story of Duncan Leung ? childhood friend of Bruce Lee, disciple of legendary master Yip Man, and New York kung fu teacher ? is valuable not only for its insights into martial arts but also for its portrayal of the lost Hong Kong of the 1950s and 1960s. Martial Arts Cinema and Hong Kong Modernity Man-Fung Yip 2017-09-05 At the core of Martial Arts Cinema and Hong Kong Modernity: Aesthetics, Representation, Circulation is a fascinating paradox: the martial arts film, long regarded as a vehicle of Chinese cultural nationalism, can also be understood as a mass cultural expression of Hong Kong's modern urban-industrial society. This important and popular genre, Man-Fung Yip argues, articulates the experiential qualities, the competing social subjectivities and gender discourses, as well as the heightened circulation of capital, people, goods, information, and technologies in Hong Kong of the 1960s and 1970s. In addition to providing a novel conceptual framework for the study of Hong Kong martial arts cinema and shedding light on the nexus between social change and cultural/aesthetic form, this book offers perceptive analyses of individual films, including not only the canonical works of King Hu, Chang Cheh, and Bruce Lee, but also many lesser-known ones by Lau Kar-leung and Chor Yuen, among others, that have not been adequately discussed before. Thoroughly researched and lucidly written, Yip's stimulating study will ignite debates in new directions for both scholars and fans of Chinese-language martial arts cinema. "Yip subjects critical clichés to rigorous examination, moving beyond generalized notions of martial arts cinema's appeal and offering up informed scrutiny of every facet of the genre. He has the ability to encapsulate these films' particularities with cogent examples and, at the same time, demonstrate a thorough familiarity with the historical context in which this endlessly fascinating genre arose." —David Desser, professor emeritus, University of Illinois at Urbana-Champaign "Eschewing a reductive chronology, Yip offers a persuasive, detailed, and sophisticated excavation of martial arts cinema which is read through and in relation to rapid transformation of Hong Kong in the 1960s and 1970s. An exemplar of critical genre study, this book represents a significant contribution to the discipline." —Yvonne Tasker, professor of film studies and dean of the Faculty of Arts and Humanities, University of East Anglia

Beyond Bombshells Jeffrey A. Brown 2015-09-09 Beyond Bombshells analyzes the cultural importance of strong women in a variety of current media forms. Action heroines are now more popular in movies, comic books, television, and literature than they have ever been. Their spectacular presence represents shifting ideas about female agency, power, and sexuality. Beyond Bombshells explores how action heroines reveal and reconfigure perceptions about "how" and "why" women are capable of physically dominating roles in modern fiction, indicating the various strategies used to contain and/or exploit female violence. Focusing on a range of successful and controversial recent heroines in the mass media, including Katniss Everdeen from The Hunger Games books and movies, Lisbeth Salander from The Girl with the Dragon Tattoo novels and films, and Hit-Girl from the Kick-Ass movies and comic books, Brown argues that the role of action heroine reveals evolving beliefs about femininity. While women in action roles are still heavily sexualized and objectified, they also challenge preconceived myths about normal or culturally appropriate gender behavior. The ascribed sexuality of modern heroines remains Brown's consistent theme, particularly how objectification intersects with issues of racial stereotyping, romantic fantasies, images of violent adolescent and preadolescent girls, and neoliberal feminist revolutionary parables. Individual chapters study the gendered dynamics of torture in action films, the role of women in partnerships with male colleagues, young women as well as revolutionary leaders in dystopic societies, adolescent sexuality and romance in action narratives, the historical import of non-white heroines, and how modern African American, Asian, and Latina heroines both challenge and are restricted by longstanding racial stereotypes.

Martial Arts of the World: A-Q Thomas A. Green 2001 "Did you know that the martial arts include such former Western pursuits as dueling, gunfighting, and gladiatorial combat? Nearly 100 articles by scholars discuss specific martial arts, countries, and concepts such as religion and spiritual development common to martial arts traditions of the world. Definitions of unfamiliar terms and an index that notes the historical figures and classic texts discussed within articles help to make this set a scholarly corrective in an area often informed by the movies."--"Outstanding Reference Sources," American Libraries, May 2002.

Dochters van China Jung Chang 2020-02-11 Een meeslepende saga over liefde, oorlog, intrige, glamour, verraad en familiebanden Drie zussen uit Shanghai vormden voor een belangrijk deel van de twintigste eeuw het middelpunt van de macht in China. Kleine Zus, Mei-ling, was mevrouw Chiang Kai-shek, first lady van het precommunistische nationalistische China en zelf ook zeer actief in de politiek. Grote Zus, Ei-ling, was Chiangs officiële belangrijkste adviseur. Ze zorgde ervoor dat zijzelf de rijkste vrouw van China werd en haar man de eerste minister onder Chiang. Rode Zus, Ching-ling, trouwde met Sun Yat-sen, oprichter van de Chinese republiek en later rechterhand van Mao. Alle drie de zussen leefden in luxe en waren extreem geprivilegieerd, maar werden ook vaak bedreigd. Hun relatie onderling was emotioneel geladen en gespannen, vooral toen ze kozen voor tegengestelde politieke kampen. Ching-ling wijdde haar leven aan het communisme en stond daarmee lijnrecht tegenover de idealen van haar twee zussen. Dochters van China is een epische drievoudige biografie die kleur geeft aan het leven van drie uitzonderlijke vrouwen die de geschiedenis van China in de twintigste eeuw mede hebben vormgegeven. De pers over Dochters van China 'Een treffend verhaal over oorlog, communisme en spionage – verteld met oprechte warmte.' The Guardian 'In deze heldere, intelligente en verzoenende biografie werpt Chang een frisse blik op de traditionele gevestigde orde.' The Times 'Zeker het lezen waard, vooral omdat het laat zien hoe invloedrijke vrouwen hebben bijgedragen aan het vormgeven van het moderne China.' The Sunday Times

A Brief History of the Martial Arts Jonathan Clements 2016-10-13 'If I had to pick a single general martial arts history book in English, I would recommend A Brief History of the Martial Arts by Dr Jonathan Clements' RICHARD BEITLICH, Martial History Team blog From Shaolin warrior monks to the movies of Bruce Lee, a new history of the evolution of East Asian styles of unarmed combat, from Kung Fu to Ninjutsu Folk tales of the Shaolin Temple depict warrior monks with superhuman abilities. Today, dozens of East Asian fighting styles trace their roots back to the Buddhist brawlers of Shaolin, although any quest for the true story soon wanders into a labyrinth of forgeries, secret texts and modern retellings. This new study approaches the martial arts from their origins in military exercises and callisthenics. It examines a rich folklore from old wuxia tales of crime-fighting heroes to modern kung fu movies. Centre stage is given to the stories that martial artists tell themselves about themselves, with accounts (both factual and fictional) of famous practitioners including China's Yim Wing-chun, Wong Fei-hong, and Ip Man, as well as Japanese counterparts such as Kano Jigoro, Itosu Anko and So Doshin. The history of martial arts encompasses secret societies and religious rebels, with intimate glimpses of the histories of China, Korea and Japan, their conflicts and transformations. The book also charts the migration of martial arts to the United States and beyond. Special attention is paid to the turmoil of the twentieth century, the cross-cultural influence of Japanese colonies in Asia, and the post-war rise of martial arts in sport and entertainment - including the legacy of Bruce Lee, the dilemma of the ninja and the global audience for martial arts in fiction.

Historical Dictionary of Hong Kong Cinema Lisa Odham Stokes 2020-01-15 Hong Kong cinema began attracting international attention in the 1980s. By the early 1990s, Hong Kong had become "Hollywood East" as its film industry rose to first in the world in per capita production, was ranked second to the United States in the number of films it exported, and stood third in the world in the number of films produced per year behind the United States and India. This second edition of Historical Dictionary of Hong Kong Cinema contains a chronology, an introduction, and an extensive bibliography. The dictionary section has over 600 cross-referenced entries on directors, producers, writers, actors, films, film companies, genres, and terminology. This book is an excellent resource for students, researchers, and anyone wanting to know more about Hong Kong cinema.

The Creation of Wing Chun Benjamin N. Judkins 2015-07-16 Looks at southern Chinese martial arts traditions and how they have become important to local identity and narratives of resistance. This book explores the social history of southern Chinese martial arts and their contemporary importance to local identity and narratives of resistance. Hong Kong's Bruce Lee ushered the Chinese martial arts onto an international stage in the 1970s. Lee's teacher, Ip Man, master of Wing Chun Kung Fu, has recently emerged as a highly visible symbol of southern Chinese identity and pride. Benjamin N. Judkins and Jon Nielson examine the emergence of Wing Chun to reveal how this body of social practices developed and why individuals continue to turn to the martial arts as they navigate the challenges of a rapidly evolving environment. After surveying the development of hand combat traditions in Guangdong Province from roughly the start of the nineteenth century until 1949, the authors turn to Wing Chun, noting its development, the changing social attitudes towards this practice over time, and its ultimate emergence as a global art form. Benjamin N. Judkins holds a doctoral degree in political science from Columbia University. Jon Nielson is chief instructor at Wing Chun Hall in Salt Lake City, Utah.
